

THE ACTION WE NEED NOW!

Investigate Vista Ridge! End Pay to Play at City Hall!

Vista Ridge, the \$3.4B, 143-mile pipeline slated to begin conveying groundwater in 2020, poses a serious threat to reasonable water rates for SAWS ratepayers and sustainability of two critically important aquifers; the mighty Edwards (San Antonio's drinking water) and the Simsboro formation of the Carrizo-Wilcox Aquifer providing water for Burleson, Bastrop, Milam and Lee counties.

- ▶ The **Vista Ridge Resolution** calls for clarification of *“the role of San Antonio Water System (SAWS), and its need for more openness and transparency, requiring an independent managerial, legal and financial review of the Vista Ridge Project.”*
